- be at least 15 years old by, or during the week of camp

NEW!!! Overview of the Program

This summer Camp Warren Jyrch will be introducing a new Counselor in Training (CIT) program. This program will have three areas of focus: teamwork skills, leadership training, and learning the technical skills that lead to a successful counselor. This program is designed for older campers who aspire to become counselors and are ready to be challenged. Although we will be focusing on the CIT specific program, these campers will also have the opportunity to participate in regular camp activities. And, of course, it will be fun!!!

NEW!!! “In cabin” and “out of cabin” training:

Starting this year, all CIT's will be required to successfully complete 1 year of “out of cabin” CIT training before they are placed in “in cabin” CIT Training. What is the difference?

- “out of cabin” CIT Training – CIT's that are 15 & 16 will not be placed in a cabin with campers. These CIT's will arrive at the same times the campers do, but will be housed in a CIT village. This village will only contain CIT's & CIT Staff. During their week of camp, CIT's will learn a variety of counseling skills, grow their own character, and have an opportunity to be part of fun CIT specific camp activities (camp outs, challenge hikes, etc...)
 - CIT's will gain the appropriate skills, knowledge, and confidence before they become an “in cabin” CIT.
 - CIT's will be able to learn skills at their own speed & have time to practice them before they have to apply them.
- “in cabin” CIT training – CIT's that are 17 years old, have completed at least one year of “out of cabin” training, and have proven they are ready to advance will be placed in a cabin with campers. These individuals will attend Counselor Training 3 days before camp then spend the week putting into practice what they have learned while being mentored by an experienced counselor.

“What if I am a returning CIT from 2009?”

Returning CIT's will be evaluated on an individual basis as to whether they will be a part of the “in cabin” or “out of cabin” training. Since all of our returning CIT'S started their training as an “in cabin” CIT, we may place a few of you in “out of cabin” CIT training for this year. Both experiences are VERY important, and we want to make sure each one of you get the training you need to be successful. Once we receive your application and you have been accepted into the CIT program we will contact you directly to let you know which type of CIT training you will go through this summer.

“What are my options if I am 17 & have never been a camper before OR this will be my first year as a CIT?”

If you are wanting to become a counselor at the age of 18 + you will need to enroll directly into the CIT program. You will go through the "out of cabin" CIT training for your first year. After that year we will evaluate your progress to see if another "in cabin" CIT training year is needed.

PLEASE NOTE: WE WILL CONTACT YOU DIRECTLY AS TO WHICH CAMPING PROGRAM YOU HAVE BEEN ACCEPTED INTO.
