

**BRADLEY KRUEGER MEMORIAL SCHOLARSHIP**  
**Hemophilia Foundation of Illinois**  
**January 2010**

We are proud to announce that we are now accepting submissions for the 2010 Bradley Krueger Memorial Scholarship. Brad's family started this fund to help other people with hemophilia and other inherited bleeding disorders achieve a higher education—to live a full and productive life.

Those who knew Brad understand that he lived life to the fullest and never let illness “get him down” for long. He was fun loving and had many friends and family who adored him. This scholarship will live on as a testament to his strengths and determination.

It is available for people **living in Illinois** with a bleeding disorder, parents, siblings, children and/or carriers living in the state of Illinois. Scholarship(s) can be used for tuition for any type of post-secondary institution – including trade schools, room and board, books, and supplies (including computer equipment) for the 2010/2011 school year. Scholarship(s) will not be paid to the individual – must be paid to an educational institution or in the case of supplies directly to the vendor. Applications will be accepted until June 15th and are available on our web site – [www.hfi-il.org](http://www.hfi-il.org). The Committee has made up to \$5,000 available for scholarships this year which will be awarded at the HFI Annual Meeting in August.

#### **APPLICATION PROCEDURE**

Complete the application on the reverse side of this announcement and return it postmarked or electronically no later than June 15, 2010. In addition to the application please include:

- High School Transcripts and College Transcripts if any coursework has already commenced.
- Two Letters of Recommendation – one from: someone who knows your potential as a student, for example a teacher, guidance counselor or employer. Another recommendation from someone who knows you personally, for example a doctor, nurse, social worker, friend of the family or community leader. These letters should support your candidacy by addressing your goal orientation, drive and motivation.
- Completion of Essay Questions - Keep the essay simple, focus on the most important information. This will eliminate the need for additional letters or materials

Only applications with all four elements (application, transcripts, two letters of recommendations and essay questions), received on time, can be considered. Please forward all materials and questions regarding this scholarship application to:
